FULL-CIRCLE FUNDRAISING
strategies - fundraising - communications

Full-Circle Fundraising LLC adheres to the strict ethical and professional standards set forth by the Association of Fundraising Professionals (AFP), and the Grant Professionals Association (GPA). To learn more, please visit our Fee Guidelines.

With more than two decades of experience working with nonprofit organizations, I understand how important it is to be fiscally responsible. With that in mind, one way to keep costs reasonable is to do the following:

1. Please assign a contact person for me to communicate with throughout the duration of services in case of questions. I maintain communication with my clients throughout the consulting process in order to reduce confusion and increase the likelihood of achieving your desired results.
2. The better prepared and organized you are in regards to providing required information (identified in the initial assessment consultation and throughout the process), the less your overall cost will be.

Fee Structure:

- The Hourly Rate for services will range from \$75-\$125 per hour. If your organization can not afford an in-house director of development, we can support clients on a project-by-project basis. Grant proposals at a rate of \$75 to \$125 per hour average as follows:
 - Foundation Proposals: \$1,500 – \$3,000
 - State Proposals: \$3,000 – \$6,000
 - Federal Proposals: \$6,000 – \$9,000
- Retainer: A fixed number of hours per month at a lower fixed hourly rate of \$50 per hour for us to complete a number of assignments.
- Rush Job Contract: An hourly rate of \$125 per hour when we have less than 15 business days' notice to complete an assignment.
- Expenses are billed at cost plus 15% and include overnight delivery services, copying, and production of submission documents. While we work electronically, if a client prefers an on-site scoping meeting or needs Full-Circle Fundraising to attend a meeting on their behalf, travel time and estimated expenses will be billed in advance.
